

Percentage of adults who have been told they have a depressive disorder
(including depression, major depression, or dysthymia, or minor depression)

Source: Behavioral Risk Factor Surveillance System

Percentage of adults answering positively to the question: Has a doctor, nurse, or other health professional ever told you that you have a depressive disorder (including depression, major depression, or dysthymia, or minor depression)?

The Alaska Behavioral Risk Factor Surveillance System (BRFSS) assesses the prevalence of diseases and risk factors (indicators) in adults (individuals of 18 years of age and older) statewide through an on-going telephone survey.
